Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Applicants' arguments, filed 2/4/04, were found convincing to overcome the rejection issued in the Office Action dated 11/4/03. Although the closest prior art of record (EP 0864554 A1) teaches compositions consisting of 1,1,1,3,3,3-pentafluoropropane and 1-chloro-3,3,3-trifluoropropene, there is no indication that the said compositions are azeotropic. Additionally, the molar ratios of the 1,1,1,3,3,3-pentafluoropropane to 1-chloro-3,3,3-trifluoropropene, in the closest prior art compositions, are outside the range of the molar ratio claimed for the present azeotropic compositions. Thus, there is no teaching or suggestion that would lead one having ordinary skill in the art to arrive at an azeotropic composition consisting of 1,1,1,3,3,3-pentafluoropropane and 1-chloro-3,3,3-trifluoropropene.

Claims 1 and 2 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 3-13, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement as set forth in the Office action mailed on 8/13/03 is hereby withdrawn. In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claims including all the

Art Unit: 1621

limitations of an allowable product claim or rejoined process claim are presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

All claims (1-13) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
